

## POINTS TO CONSIDER IN PREFERENCES

*Below is information about which the student should pay attention to during the preference process.*

- In order to be able to make a choice, each student must **registered in the YÖS preference system.**
- You can register **once in** the YÖS Preference system. Repetitive registers **are not accepted.**
- Each student must submit their identity information, passport information, name-surname, parents' name, e-mail, mobile phone, etc. **completely and accurately.** The information given must belong to the student **him/herself.**
- The students has a total of **20 preferences** and **9 universities** can be chosen at the same time.
- Placements will be made according **to preference and results order.**
- Mathematics, basic learning skills, and equally weighted score types achieved in OMÜ-YÖS are taken as a basis for placement in preferred programs. The score types of the departments are specified in the **quota list .**
- The number of the students from the same country to be admitted to a program cannot exceed 20% of the current program quota. Except for the departments in which the score requirement is applied, this threshold is not applied if the quota is empty.
- Placed candidates must pay their **tuition fees for final registration.** The registration fee paid by the placed students is non-refundable.
- Students under the age of 18 (Eighteen) must bring their parents' (Mother and Father) **Letter of Parental Consent (Permission).** The consent letter must be approved by the Turkish Republic Notary or Turkish Foreign Representatives. The original letter of consent and its translation into Turkish are required.
- Students who are registered in the same program level at another University in Turkey through the YÖKSİS system cannot be registered.
- The student has to **submit the original and notarized translation of the documents uploaded to the system** , such as diploma, transcript, and exam results.

- Not submitted applications between the announced dates or applications submitted with missing/wrong/fake documents are invalid. If detected after the final registration, s/he will be dismissed from the university.
- International students who are registered to the university can benefit from general health insurance by paying a general health insurance fee, if they make a request to the Social Security Institution (SGK) within three months from the first registration date.
- The student who claims to have Turkish proficiency certificate, equivalence certificate and residence permit must submit these documents.
- For the Faculties of Medicine, Dentistry and Pharmacy, 70 points is required in OMÜ-YÖS.
- **Departments where students are admitted with special talent exam are specified in the quota guide.** For the final registration to the departments that accept students with special talent, the candidate must pass the special talent exam to be held by the relevant department and **be successful** .
- Candidates accepted for the Physical Education and Sports Teaching, Coaching Education, Sports Management and Recreation departments of the Faculty of Sports Sciences must submit the *Health Board Report with the phrase "There is no harm for this student to study at the Faculty of Sports Sciences"* .
- Students of Turkish nationality, who have completed high school abroad, have to submit the entry-exit documents obtained from the e-devlet during the registration. In addition, these students must prove that they are abroad during the education period.
- Students with dual nationality are required to obtain a Certified Identity Register Copy from the Population Directorate or via the e-devlet system. The first nationality phrase must be clearly stated in the **EXPLANATION section** of this document. Documents that do not include this phrase will not be accepted.
- *To the candidates who lost their Turkish citizenship by obtaining a permit to renounce their Turkish citizenship, candidates who certify that they have a blue card, which is given to those who lost their Turkish citizenship upon their request, and candidates who have completed their high school education abroad (except TRNC) and candidates with dual nationality, one of which is Turkish, a quota is applied in a way that 10% of the quota of the programs mentioned in the registration in the Teaching, Law, Medicine, Dentistry and Pharmacy programs is not exceeded.*
